# Introduction to Futures

Futures is an approach led by Golf New Zealand and in partnership with Districts and Clubs it aims to create **quality experiences** for young people aged 5-18 in golf. Young people are the **FUTURE** of our game.

Futures aims to provide young people with the motivation, confidence, and skills to play and be active for life, contributing to healthier, happier futures. The approach empowers young people to learn at their own pace, meet new friends and provides opportunities for young people and families to play together.

## Our Vision:

Enriching the lives of young people by creating experiences that inspire a lifelong love of golf

## Our Daily Mission:

To grow the love of golf and inspire participation

## Our Goals:

- Change the perception and grow the positive profile of golf as a sport for young people and families
- Create opportunities for young people to participate either recreationally or competitively in a way that meets their level of aspiration
- Empower young people to play their version of golf
- Provide a nationwide network of facilities that are welcoming and safe with a club culture that caters for young people and families
- Develop a skilled and passionate workforce of coaches, administrators and volunteers who understand the wants and needs of young people

# How does Futures work?

Futures provides both structure and flexibility for golf clubs of any size to create **quality experiences** for young people in golf.

Golf New Zealand are working in partnership with clubs to create quality experiences for young people in the local club environment. The six key club focus areas are:

1. Creating a safe, welcoming, and friendly environment for young people	Up-to-date safeguarding and child protection policies are in place.	✓		The policy document was ratified by the golf club on Tuesday 3 <sup>rd</sup> May 2021. 	Safety checks have been conducted for anyone working with young people i.e. police vetting.		✓		At this stage it is just Robert who needs police vetting on file. As anyone new comes on board to assist as per the safeguarding policy they will need the check completed.	
	Dress code that enables young people to wear comfortable sportswear.	✓		There are no concerns with this point, I will be sure to include reference to it going forward with any new juniors.		
	Visibility of young people within the club environment and achievements shared and celebrated.	✓		Weekly updates are being supplied to the newsletter celebrating achievement where possible.	Add parts of the newsletter to the noticeboard at the club.	
	Wider membership is supportive of young people.	✓		I am not aware of any concerns in this space, I often hear positive feedback when our junior members are out on the course.		
	Support to overcome any barriers, financial, equipment or other i.e. impairments/disability.		✓	We have not been placed in one of these situations to test our response at this stage. No plans for this point until a situation present's to self.

	Affordable memberships for young people to learn and play.	✓		\$1 per year of age is amazing value for our junior golfers.		
	Parent memberships, parent-child offers, family memberships are available.	✓		As discussed at the May committee meeting, when parents (non-members) are playing with their child then a gold coin donation in lieu of green fees will suffice.	Agenda point for the 2021 AGM meeting around the addition of a parent / child sub.	
	Memberships are inclusive of organised playing opportunities and coaching.	✓		Playing opportunities exist within junior and senior competencies. Coaching remains available free of charge to all juniors.

## 5. Set up Futures at your club

Depending on the capacity and capability of your club this could include:

- Regular coaching that is game-based (led by volunteers or PGA Professionals) → Use the [Futures Coaches Game Cards](#)
- Regular on-course playing experiences → Refer to the Futures Experiences (Pg.18-21)
- A 6-8 week Futures Term Programme → Check out the [Season Planning Templates](#)
- Collaboration with other golf clubs to take turns hosting events for young people

*“The Mount used to have a lot of juniors in the late 2000’s but then a significant drop off and a lost generation of future players occurred for various reasons.*

*With the good work of our pro shop and a close connection with Golf New Zealand, the club has embraced the ‘Futures’ concept and once again has a lot of activity in the junior ranks.”*
